## *Complete BOTH parts.*

**Part I**--Choose ***One*** book to read. You may read more than one if you like. Write a two page summary of the book. Include in the summary, information on all of the major characters, as well as, what the story was about. If you are reading a book that is non-fiction and there is only one major character, talk in depth about that person. Then, the last page is for you to interpret the book from a perspective of Psychology (google search "perspectives in psychology"). This assignment is to be turned in on the **first day** of AP Psychology in August.

**Part II**--prepare for Chapter 1 in D.Myers book Psychology, 7E by going to a search engine (Google) and enter in the search line the words **History of Psychology**. Go to the Wikipedia and read and take notes on the sections after The Beginnings of Western Psychology—the page will be found at [http://en.wikipedia.org/wiki/History\\_of\\_psychology](http://en.wikipedia.org/wiki/History_of_psychology) . When finished with that, go back to the search engine and enter in the search line **Research methods in psychology**. Then go to the wikibooks site—the page will be found at [http://en.wikibooks.org/wiki/Introduction\\_to\\_Psychology/Research\\_Methods\\_in\\_Psychology](http://en.wikibooks.org/wiki/Introduction_to_Psychology/Research_Methods_in_Psychology) . Again, read and take notes. When we return, you will be grouped to do a project. Have a wonderful summer and come back to a wonderful school year.
